

FREEDOM FIGHTER CHALLENGE

BY BECOMING A
FREEDOM **FIGHTER**
YOU ARE TAKING A
PERSONAL STANCE
AGAINST A CULTURE
THAT PROMOTES
EXPLOITATION

THE SOLUTION STARTS WITH YOU.

THE PROBLEM

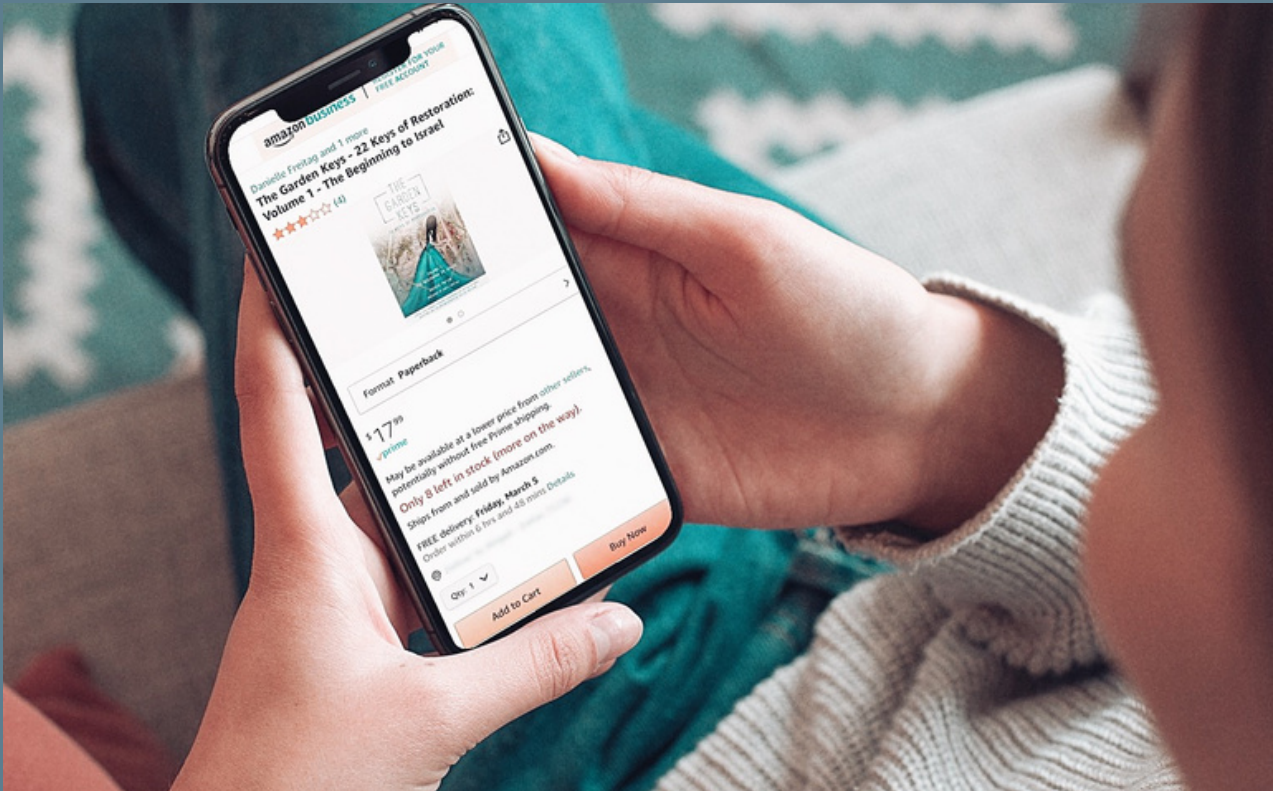

We need to change culture's mindset to understand that commercial sex, in all its forms, is a deeply exploitative industry and that human bodies are not commodities.

This means ending the demand for commercial sex by calling out men who buy it. It means educating ourselves about the different kinds of commercial sexual exploitation and how they are connected. It means supporting efforts to end human trafficking. It means becoming a freedom fighter.

We believe everyone has a right to make informed decisions about their bodies. We believe everyone should have access to education and work that respects their value as human beings.

And we believe that together, we can address exploitation and see lasting cultural change.
